Registration deadline  
Feb. 2nd

## EVENT DESCRIPTION

Save the date for a full-day war game sponsored by WINS, TISS, UNC Global Affairs, and the Center for Slavic, Eurasian, and East European Studies. Strategize, make allies, and employ diplomacy to secure the win in this turn-based in-person simulation, presented by Valens Global.

Play as one of five teams. *Acceleration* focuses on how governments and organizations deal with the rapidly changing world. Major issues addressed include the ways long-held identities can clash both with the modern global system, and with other identities in the increasingly globalized system.

**Registration deadline Feb. 2nd**  
Space is limited. Save your spot!

Optional networking social to be hosted by TISS following the event.
